

# IT'S NOT TOO LATE TO SAVE THE MIDDLEWICK RANGES

DO YOU CARE ABOUT THE LOSS OF WILDLIFE, GREEN OPEN SPACES AND CLEAN AIR? THIS IS OUR LAST CHANCE TO GET MIDDLEWICK RANGES OUT OF THE LOCAL PLAN.

#savemiddlewick.org

the green lungs of south Colchester

## YOU HAVE UNTIL NOV 15TH AT 5PM TO ACT!

The Middlewick Ranges will be kept in Colchester's Local Plan and 1000 houses built on it unless enough people object to the planning modifications.

This means: Years of construction, traffic and noise, 1000+ more vehicles and worse air pollution in an area already above legal limits.

Badgers, nightingales, skylarks, bats and rare species of bees and butterflies will all lose their homes despite their legal protection.

We suggest you state in your response that:  
'The modifications do not make this plan sound'  
'No modification replaces irreplaceable habitat'.

## HOW TO OBJECT TO THE MODIFICATIONS ONLINE

Responses must be made via the council website: <https://colchester.oc2.uk/> OR emailed directly to: [Local.Plan@colchester.gov.uk](mailto:Local.Plan@colchester.gov.uk)
